

FOSSIL RIDGE HIGH SCHOOL CLUBS & ORGANIZATIONS

An important focus at Fossil Ridge High School is to encourage students to develop their leadership abilities and to provide them with many opportunities to be involved in their school. We offer various clubs and organizations that extend learning beyond the classroom and allow students to make positive contributions to the community of Fort Collins. Students at Fossil Ridge are encouraged to participate in co-curricular activities to add yet another positive experience to their high school career. All groups must have a faculty sponsor and schedule their events in coordination with the school Activities Director, Mr. Nye.

Below is a list of the activities and their staff sponsors that are available for students at Fossil Ridge. Interested students are encouraged to contact sponsors for more information. If we do not offer a club or organization that meets your needs, then you can create a Student Initiated Club. For more information on creating a club, see Mr. Nye in the Main Office.
