STUDENT VEHICLE USE AND PARKING

BOARD POLICY: JLIE - STUDENT VEHICLE USE AND PARKING

When parking lots are provided on campus, all student-driven vehicles shall be parked in such lot. No vehicles may be driven on school grounds except in designated parking areas.

Student-driven vehicles shall remain parked while students are scheduled to be in Class. No loitering in parked cars or on school parking lots shall be permitted during the school day.

The privilege of bringing a student-operated motor vehicle onto school premises is based upon the condition of consent by the student driver to allow a search of the vehicle when there is reasonable suspicion the search will yield evidence of contraband.

Refusal by a student, parent/guardian, or vehicle owner to allow search access to a motor vehicle on school premises when requested shall be cause for termination without further hearing of the privilege of bringing any vehicle onto school premises by said individual.

Each school is authorized to engage in routine patrolling of student parking lots, visual inspection of student automobiles, and the use of dogs trained to alert at the scent of drugs, explosives and other contraband.

Principals may adopt additional parking and driving regulations as necessary for the proper operation of their schools and programs.

BOARD POLICY: JIH - SEARCHES

Each school retains the authority to patrol its student parking lots, and all vehicles parked in student lots are subject to sniffs by dogs trained to alert at the scent of drugs, explosives and other contraband. In addition, the interiors and trunks of all vehicles parked by students at school may be searched upon reasonable suspicion that they contain items or substances which it is illegal for students to possess and/or items or substances which District policy or regulations prohibit from being on school property.

- I have read and understand the Traffic Rules and Board Policies brochure.
I agree to the terms and responsibilities stated below in connection with obtaining authorization to use the school parking lot.
I understand that the parking lot is the property of Poudre School District. I agree that the vehicle driven will not be used to transport or store illegal items on school property.
I understand and give School Officials, Campus Security Officers and Law Enforcement Officers consent to search the vehicle driven onto Poudre School District property and the vehicles contents at any time when it is parked on school property.
I authorize School Officials, Campus Security Officers and Law Enforcement Officers to seize any item that violates a criminal law or school rule or provides evidence of a criminal law or school rule violation.

I certify that the above information is correct, and that I have read and understand Fossil Ridge High School's regulations and penalties related to parking and driving on campus. Failure to observe these regulations may result in revocation of the driving privilege and vehicle may be ticketed, booted, or towed. Fossil Ridge High School and/or Poudre School District is not responsible nor liable for theft or damage to vehicles on school property.
