

Agenda SAC

Facilitator: **Dr. Chaplain**

Estimated Time	Topic	Lead Person	Method	Notes
5 minutes	Welcome	Dr. Chaplain	Discussion	
10 minutes	DAB Update	Ms. Williams	Information Sharing	Ms. William will not be here but Dr. Chaplain will share information from the notes – DAB meeting February cancelled. DAB looking at proposing SEL become a district end and submitting this to the board. Action item to relay info re: needs for Lang. Culture & Diversity. FRHS feeling very supported by ELD teacher, Family Liaison, hosted events for Spanish-speaking families and sending communications from weekly emails & newsletters. Families contacted directly by the Family Liaison. Religious holidays are a focus with staff during high holidays and events, meetings, etc. are not allowed. Athletics is still the exception. Teacher asked to be mindful of exams and homework during those times as well.
30 minutes	UIP Progress Update	Dr. Chaplain	Information Sharing & Discussion	UIP sent to prior to the meeting – reviewed all steps being taken for each item on the UIP. All items in progress and being implemented with 2 year goal in mind. PD in the school aligning with UIP goals as well.

				<p>Registration for next year in progress now – heavy focus on math teacher recommendations to placement. MTSS team providing Dr. Chaplain recommendations for support next year. Intervention supports this year have been successful. Current changes – “No pass” list of students who are frequently leaving class, failing and causing behavior disruptions in the school and safety issues. Suggestion – communication of students to subs? How might this look? Response: Admin, Deans, Security team know of students (approx. 12 students) and sweep halls regularly. If out of class – options are to escort back to class, go to in-school suspension room, or some leave campus and refuse. Teachers should also leave notes re: students for subs</p>
25 minutes	Culture & Climate Survey	Dr. Chaplain	Summary of themes presented & Discussion	<p>PowerPoint Presentation sent to SAC prior to meeting – Student to Interest Connections 2 lower than last year despite increase in career speaker series and career tours. Suggestion – is there a way to require students to attend career speaker? Challenge – not good format for school-wide assembly. Consult with Terra Thiebaut and Advisory about ideas.</p>
